

ASEEM GUPTA

Digital & social media marketing · Content production

Vancouver, BC · aseem.tss@outlook.com · 778 302 8140 · thescalingspace.ca · LinkedIn

Marketing generalist who runs social and digital end to end and shoots the content in-house rather than briefing it out. Three years running marketing for a used car dealership and a jewelry brand under one owner — social, campaigns, websites, and all the photo and video. Currently producing event and promotional content for Porsche Centre Richmond, alongside launch projects for local businesses.

EXPERIENCE

Media & Content (Lot Associate)

2025 – Present

Porsche Centre Richmond · Richmond, BC

- Ran a tire promotion where the offer code was spoken only in the video — **20+ customers redeemed it in store**, tracked by the marketing manager.
- Shoot and cut dealership media alongside the lot associate role: event coverage, inventory photography, and promotional video.
- Began with a single event, Shades of Stuttgart, in August 2025 and have since covered most events the centre hosts.
- Produce promotional video in collaboration with the service department and marketing managers.

Digital Marketing, In-House

2021 – 2024

Motor World Auto's & Bagga Jewels · Lower Mainland, BC

- **Took Bagga Jewels from in-store-only to shipping orders Canada-wide within six months** by building the brand's first online presence from zero.
- Ran all digital marketing for two businesses under one owner: a used car dealership specialising in vehicle financing, and a traditional Indian gold and silver jewelry brand.
- Built and managed both social accounts and shot 100% of the content — five to six vehicles per shoot day at roughly twenty photos and a video each, plus full product and macro coverage for the jewelry.
- Designed both websites in Figma and directed a Shopify developer through build and launch; neither business had a website before.
- Ran Meta lead-generation campaigns for the dealership; walk-in customers regularly cited the videos as the reason they came in.

Founder — Digital Marketing & Content

2024 – Present

The Scaling Space · Vancouver, BC

- Incorporated in 2024 to deliver launch packages for local businesses: brand identity, website, Google Business Profile and Facebook Business setup, and photography and video.
- Scope, price, and deliver each project directly with the owner, bringing in contractors for development and video editing where a specialist is needed.
- **Canwide Mortgages** — website and brand guidelines, including logo design.

Freelance — Brand, Web & Local Search

2022

Independent projects · Vancouver, BC and Auckland, NZ

- **Rapid Movers & Freight** (Auckland, NZ) — identity, website, and profile setup for a moving company. **Four years on, the site is still live and still generating enquiries**, and the profile is still collecting reviews.
- **Your Medi Coach** (Vancouver) — full launch for a health coach opening a private practice: identity, print, website, Google Business Profile and Facebook Business.

Project Coordinator / Team Lead

2018 – 2019

Ideausher Technologies · India

- Joined as an intern and moved into project coordination, **ending up responsible for a team of twelve** across design, development, and content.
- Owned the path from a client's first message to a live product: scoping, handoffs between disciplines, and delivery.
